

SAIF ALI

Web Developer | React.js · Node.js · MongoDB | WordPress / WooCommerce | MERN Stack

New Delhi, India · +91-9355653309 · saifali0atif@gmail.com · linkedin.com/in/saif-ali-7bb442239

PROFESSIONAL SUMMARY

Web Developer with hands-on experience building and deploying production-grade websites and MERN-stack web applications. Proficient in React.js, Node.js, Express.js and MongoDB, and in WordPress/WooCommerce e-commerce development. Skilled at delivering responsive, conversion-focused sites and maintaining them in live environments, backed by client coordination and AI-assisted development. Pursuing BCA (2026) from IGNOU; seeking Web Developer / Full Stack Developer roles.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap 5, Tailwind CSS, Responsive Web Design

Backend: Node.js, Express.js, PHP, REST API Design, MVC Architecture, JWT Authentication

Database: MongoDB (Mongoose), MySQL

CMS & E-Commerce: WordPress, WooCommerce, Website Deployment & Management

Tools & Platforms: Git, GitHub, VS Code, Postman, npm, cPanel

AI & Productivity: AI Prompt Engineering, ChatGPT, Generative AI Tools, AI-Assisted Development

PROFESSIONAL EXPERIENCE

Web Developer | Satiates Kitchens Consulting

Jun 2025 – Present

New Delhi, India

- Developed and maintained the company website (satiateskitchensconsulting.com), managing updates, deployments and ongoing site health.
- Built conversion-focused landing pages, service pages and enquiry/contact forms to support lead generation and digital presence.
- Performed troubleshooting and root-cause analysis to keep client-facing sites stable, and integrated WhatsApp enquiry flows and basic SEO to improve reach and lead capture.
- Coordinated directly with clients to gather requirements and deliver web solutions across restaurant consulting and e-commerce ventures.

Web Developer | Webvalley Technologies Pvt. Ltd.

Sep 2024 – Mar 2025

New Delhi, India

- Designed, developed and deployed responsive full-stack web applications using the MERN stack for clients across diverse industries.
- Built and launched production e-commerce websites including truepurna.com and truepurna.in (WordPress/WooCommerce) for a healthy-snacks brand.
- Developed RESTful APIs and integrated third-party services for seamless frontend-backend communication.
- Implemented secure JWT authentication with role-based access and session control across client applications.
- Identified, root-caused and resolved frontend and backend bugs, improving application stability and user experience.

Market Research Intern | All Research Solution

6 Months

- Conducted market research and competitive analysis, and prepared structured reports and presentations using MS Excel and PowerPoint.

PROJECTS

True Purna — E-Commerce Website

WordPress, WooCommerce, PHP, HTML5, CSS3 · Live: truepurna.in / truepurna.com

- Built a fully functional e-commerce platform (dates, roasted makhana) with product catalogue, cart, checkout and payment gateway integration.
- Delivered a responsive, mobile-first UI and configured SEO, Google Site Verification and social sharing metadata for organic discoverability.

Car Rental Management System

MERN Stack — React.js, Node.js, Express.js, MongoDB

- Architected a full-featured car rental app with a React SPA frontend and Node/Express REST API backend connected to MongoDB.
- Engineered secure authentication (bcrypt + JWT) with a role-based admin dashboard, and 15+ RESTful endpoints in a clean MVC architecture with a responsive cross-device UI.
